Dear Joanne:

Thank you for becoming a Community Hero through your generous donation to the Fun in the City of Fairfield's Community Services Department. Your participation made it possible to provide positive opportunities for kids to play and socialize.

The residents in our community are truly fortunate to have businesses like Bolt Staffing partner with Community Services to provide exciting, interesting and enriching activities in town. Fairfield is a safer, better and healthier place because of you.

Thank you again, and please look forward to attending our annual Community Heroes Luncheon in September. You will be notified well in advance.

Sincerely,

Michael Wright
Sponsorship Supervisor
Community Services Department
